SUPERCHARGE YOUR SOLAR INSTALLATION BUSINESS

The **REC Certified Solar Professional Program** is designed to promote a culture of customer satisfaction by delivering quality services to our trusted installers and customers. This program delivers in-depth expertise and best practices for you to ensure top-quality installations and give your customers peace of mind.

As an **REC Certified Solar Professional**, you can use the exclusive program logo, which attests to the fact that you offer best-in-class service and reliability, backed by premium products. Beyond that, this unique installer certification program provides selected benefits, such as sales tools and marketing support—for you to attract customers with ease.

And there is more: as an **REC Certified Solar Professional** you can exclusively offer the REC ProTrust premium warranty package, designed to give your customers ultimate reassurance, with a 25-year warranty for product, performance, and labor.*

* Conditions apply. Visit the REC website for warranty conditions: www.recgroup.com/warranty

HOW TO QUALIFY

The REC Certified Solar Professional Program is for experienced solar installers with a proven track record. To qualify for this exclusive program, the following criteria apply:

- ✓ Have at least two years experience as a professional installer of solar panels
- ✓ Be able to demonstrate technical expertise, e.g. NABCEP Certification
- ✓ Attend and pass our REC Certified Solar Professional training sessions
- ✓ Sign the REC Certified Solar Professional Program terms and conditions
- ✓ Buy your REC panels from an REC Distribution Partner and/or directly from REC
- ✓ Good financial standing with REC and/or an REC Platinum Distributor REC Distribution Partner and/or directly from REC
- ✓ Well-positioned to sell a premium brand

A RICH VARIETY OF VALUE-PACKED BENEFITS

Certification training

The program's comprehensive training sessions ensure that you are recognized as a skilled and qualified seller and installer of REC panels, giving added value to your company and customers.

REC ProPortal

Your online gateway to exclusive sales tools and comprehensive training material to keep you at the forefront of best practices.

REC ProTrust Warranty

REC's premium warranty package offers up to 25 years coverage on product, performance and labor, and is exclusive to REC Certified Solar Professionals. Give your customers five extra years on the standard 20-year product warranty and the unique labor warranty after the successful registration of the system*.

Inclusion in the REC Installer Locator

Getting your business listed on one of the most-visited pages of REC's website provides added visibility and helps end customers easily find and contact you.

RECent News

Receive the latest REC news and information that matters most directly in your email inbox.

* Conditions apply. Visit the REC website for warranty conditions: www.recgroup.com/warranty

SunSnap App

A project management tool for your smartphone or tablet. Record your REC installations, register systems for extended warranties, and use it as sales tool showcasing your success stories.

ProPage

A webpage builder that can easily create exciting and fresh REC-related content for your website in just a few clicks.

Web Toolbox

REC's online content source, including text, images and logos to help you create your own marketing material.

Alpha Calculator

Showcase the energy and cost savings generated by REC Alpha panels.

ProShop

Order the REC gear and co-branded collateral you need to support your sales.

REC SolarPro Studio

Keep your install crews busy with signed homeowner contracts (in select states).
